THE ALL **NEW** KETRON EVM (EVENT MODULE)

The **Ketron EVM** is a powerful arranger sound module that brings the full capabilities of Ketron's flagship **EVENT arranger workstation** into a compact, portable format. Designed for professional musicians, performers, and studio creators, the EVM delivers the same high-quality sounds, styles, and advanced arranger features as the keyboard version—without requiring a built-in keyboard.

Often described as “**EVENT in a box**,” the module integrates seamlessly with MIDI keyboards, digital pianos, accordions, or other controllers, instantly transforming them into a full arranger workstation.

The EVM offers a vast library of premium voices and more than **500 accompaniment styles**, including Ketron's renowned **Real Styles**, which use authentic audio recordings of live musicians for exceptionally natural backing tracks. Its arranger engine combines audio drums, bass, guitar, and MIDI orchestration to create rich, dynamic performances suitable for live gigs, studio production, and solo entertainers.

In addition to its arranger features, the module includes powerful multimedia playback, onboard vocal processing, and

extensive connectivity—including MIDI, USB, HDMI display output, and networking options for remote control.

EVS	\$ 1099
EVM	\$ 3099
EVM Plus, Touch Screen and Bag	\$ 3299

Compact enough to travel easily yet powerful enough to replace a full arranger keyboard, the Ketron EVM gives performers a flexible, professional solution for modern live performance and music production.

THE LATEST KETRON **EVENT** KEYBOARD

The Ketron Event is a professional arranger keyboard designed to deliver the sound and feel of playing with a live band. Built for performers, entertainers, and studio musicians, it combines advanced arranger technology with high-quality sounds and realistic audio backing tracks.

At the heart of the instrument are Ketron's **Real Styles**, which use recordings of real drummers, bassists, and guitarists to create incredibly natural accompaniments. With **over 400 styles, hundreds of voices, and more than 580 live drum patterns**, the Event provides a wide range of musical possibilities for live performance or songwriting.

WIRELESS/DIGITAL ACCORDION THE VIVO

call for info: 260-483-6071

IWA & FIGLI in Italy have developed a 17 pound Midi Wireless and Reedless accordion system. The Vivo features 600 internal sounds (100 are accordion selections), 5 separate Sections, Treble Air Valve technology, dynamic bellow air adjustment for left and right sides and 24

Memories for quick recall. The volume, octave and sounds for each section can be adjusted individually. Need to change keys? No problem, the Vivo has the ability to transpose in all keys. Wireless transmission is in the 2.4 MHz with very reliable performance. It works with all Midi modules

and with the Ketron brand and has wireless drum functions! Very simple programming and lightweight design with full size keys 41 and 120 bass. Available in black, multiple colors and wood finishes.

BATTERY POWERED SPEAKERS

YORKVILLE EXM MOBILE 8

The EXM Mobile8, a lightweight 3-way battery-powered speaker, provides the perfect solution for the Musician or DJ on the go. Boasting 5 ½ hours of performance at high levels, the EXM Mobile8 battery-advantage proves you can take your sound anywhere. With an 8-inch woofer and a coaxial mid-range driver/tweeter, the EXM Mobile8 is a true 3-way speaker in a landscape where most battery-powered compact speakers of this size are 2-way models. The 3-way design provides max bass and ultra intelligibility, and the multi-angle geometry offers flexibility to fit any environment.

\$ 799

YORKVILLE EXM MOBILE 12

Yorkville Sound is thrilled to release the EXM Mobile 12, a lightweight twelve-inch battery powered speaker with a one-inch horn driver. For decades, sound solutions for events in wedding tents, outdoor gigs or non-traditional venues needed to take external power into consideration. The EXM Mobile 12 puts the days of renting power generators for specialty gigs behind us.

\$ 939

call for info: 260-483-6071

YORKVILLE EXM MOBILE

Yorkville Sound is excited to introduce the EXM-Mobile, our first Canadian designed and manufactured battery-powered PA speaker. Boasting a 5.5 hour runtime at full output power and a standby battery life well in excess of 48 hours, this speaker is capable of getting you through a variety of gigs where AC power is simply not an option. Tipping the scales at just under 20 pounds, the EXM-Mobile uses two high-quality 6.5-inch woofers and a studio monitor quality soft dome tweeter to deliver high-fidelity sound in an ultra-portable package.

\$ 629

YORKVILLE EXM MOBILE SUB

The EXM Mobile Sub is the first-ever lithium ion battery powered subwoofer in Pro Audio history.

Equipped with two 8-inch woofers, the EXM Mobile Sub delivers tremendous bass for the Musician & DJ on the go. This sub supports mobile & wireless gigs anywhere without comprising the low end. The big sound of the club and concert hall can now be brought to the driveway gig, backyard party, or wedding tent.

Only 30lbs....Easy on the back.

\$ 899

YORKVILLE EXM PRO 10

Designed for endurance and high output, the EXM Pro10 represents a new milestone from Yorkville Sound; Our first lightweight battery-powered loudspeaker with a 48V battery (12 hr of battery life).

It features an onboard 3-channel mixer with multiple built-in effects, so it can be used without an external console. Multiple built-in effects can be used simultaneously to tailor the sound from each input. With Bluetooth connectivity, the EXM Pro10 facilitates wireless stereo playback between two cabinets.

\$ 899

POWERED PA SPEAKERS

NX25P-2

The new NX25P-2 offers the best value in a 12-inch and horn active loudspeaker cabinet. The bi-amped 300-watt (Program) power module has a minimum of controls yet provides maximum versatility making the NX25P the ideal solution for many applications.

Two-band EQ, XLR balanced microphone input as well as balanced combi-jack line input on the power module means the NX25P-2 can be easily connected to any source and quickly EQ balanced for the room. An XLR balanced line output allows multiple cabinets to be linked together for use in an array or for easy distribution around a large room when used as repeater cabinets.

\$ 649

NX55P-2

Yorkville Sound's best selling fully featured flagship active loudspeaker has been redesigned for 2014. A new power amplifier design delivers an earth shattering 1000 watts Program (2000 watts peak for maximum headroom) making it our best performing, most versatile cabinet in the NX Series.

The NX55P-2 enclosure itself has been molded for maximum versatility. The trapezoid box is ideal for mounting in arrays, or for use as a monitor cabinet with well-protected inputs and controls. Designed for maximum versatility, the NX55P-2 can be used in any orientation, including close to walls, floors and in close arrays with multiple cabinets. Particular care was taken designing the components to reduce extraneous heat production.

\$ 999

AFFORDABLE **POWERED** PA SPEAKERS

YXL10P

The YXL cabinets use a single driver and 90 x 40 degree horn with 1-inch throat and 1-inch compression driver. Constructed from strong Polypropylene, YXL is poised to uphold Yorkville's reputation for reliability and durability. The cabinets can be positioned upright or used as a monitor wedge.

Designed as an all-purpose speaker with the Musician & DJ in mind, each YXL cabinet features 3 channels. The cabinet supports Bluetooth streaming and EQ pushbutton controls for Concert, Club & Monitor modes.

\$ 479

YXL12P

Same with 12" speakers.

The YXL cabinets use a single driver and 90 x 40 degree horn with 1-inch throat and 1-inch compression driver. Constructed from strong Polypropylene, YXL is poised to uphold Yorkville's reputation for reliability and durability. The cabinets can be positioned upright or used as a monitor wedge.

\$ 499

Same with 15" speakers.

The YXL cabinets use a single driver and 90 x 40 degree horn with 1-inch throat and 1-inch compression driver. Constructed from strong Polypropylene, YXL is poised to uphold Yorkville's reputation for reliability and durability. The cabinets can be positioned upright or used as a monitor wedge.

\$ 599

XYL15SP

The YXL15SP Powered Subwoofer offers our best ratio of power, performance and value for an active subwoofer enclosure. Providing 500 watts (1000 watts peak) with efficient speaker components, the YXL Series is extremely loud for its size.

The YXL15SP is equipped with a 15-inch woofer (with 3-inch voice coil) and is driven by an onboard class D amplifier stated to deliver 500 watts program and 1,000 watts peak. Stated frequency response is 45 to 100 Hz (+/-3 dB) and maximum SPL is 128 dB (peak).

\$ 699

call for info: 260-483-6071

PARASOURCE **POWERED** PA SPEAKERS**PS10P**

The most compact cabinet in the Parasource Series, the **PS10P** uses a high efficiency 10-inch woofer (with 2-inch voicecoil) to deliver extreme low end punch from as small a physical cabinet volume as possible. Wide 90° x 70° (H x V) conical horn delivers improved constant directivity and far better midrange response than competitive cabinets in this class.

Designed for maximum versatility, the PS10P works equally well as a Front-of House cabinet, side fill cabinet or floor monitor. Innovative and highly efficient passive cooling scheme ensures the PS10P will operate in any environment without need of noisy internal dust collecting fans. Integrated reinforced flypoints ensure the PS10P can be flown quickly and easily in any fixed installation.

\$ 1189**PS12P**

Designed to be the most versatile cabinet in the Parasource Series, the **PS12P** uses a high power 12-inch woofer (with 3-inch voicecoil) to deliver maximum tone and low frequency response. The focused 85° x 50° (H x V) conical horn delivers improved constant directivity and better midrange response than competitive cabinets in this class. Integrated DSP ensures the PS12P can operate in any application without complex external processing. A simple one-button high pass filter switch rolls off low frequency material when PS12P is used with any Paralane Series or powered élite System subwoofer.

\$ 1299

call for info: 260-483-6071

**PS15P**

As the largest cabinet in the Parasource Series, the **PS15P** delivers maximum bottom end from a high power 15-inch ceramic woofer (with 3-inch voicecoil). A focused 85° x 50° (H x V) conical horn delivers improved constant directivity and better midrange response than competitive cabinets in this class. Integrated DSP ensures the PS15P can operate in any application without complex external processing. A simple one-button high pass filter switch rolls off low frequency material when PS15P is used with any Paralane Series or powered élite System subwoofer. Bass boost delivers remarkably improved bottom end response from the PS15P without cluttering midrange program or affecting the cabinet's overall intelligibility - making it the perfect small speaker solution for larger events where additional subwoofer support is not available.

\$ 1459

PARASOURCE **POWERED** SUBWOOFERS

PARASOURCE PS12S
